FACT SHEET

Opened in August 2010, the luxury Rhino River Camp, situated in Meru National Park Northern Kenya, is a collection of five stylish tents and one en-suite tent raised above the romantic Kindani River, ensuring intimacy and exclusivity. Each tent features a wide bedroom a bathroom, a wardrobe and it is surrounded by a lush riverine forest. The wooden platform is linked to an intimate Zen tent where guests can unwind after an exciting game drive. Meru National Park hosts a large population of elephants, hippos, buffaloes, lions, cheetah, leopards and a diversity of game. **The camp has a private access to the Rhino Sanctuary with 66 white and black rhinos**, one of the main attractions of Meru NP.

How to get there: Rhino River Camp is located 360 km from Nairobi.

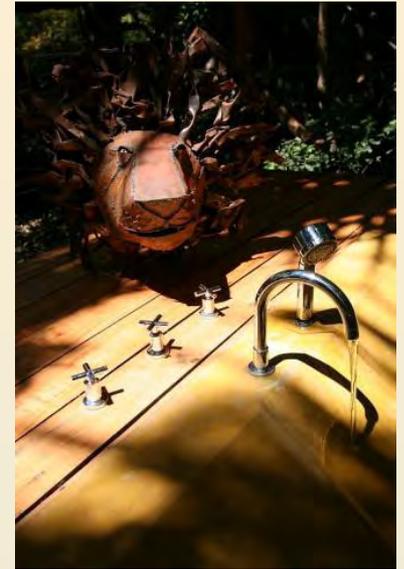

By air: Air Kenya scheduled flights and charter from Nairobi Wilson airport (50mins) to Kinna airstrip and half-hour off-road drive safari.

By car: 5/6 hrs drive from Nairobi along a turmac road and access Meru NP from Murera Gate.

Tents by authors: The tents at Rhino River Camp are named by authors who devoted beautiful and epic pages to Kenya and Africa. The Suite is dedicated to Karen Blixen: her *Out of Africa* is one of the moving glimpse of life and love in Kenya. Ernst Hemingway, who painted in bright colours, thrilling pages of safari hunting in his *Green Hills of Africa* and in *The snows of Kilimanjaro*.

A tent is dedicated to the visionary writer Edgar Rice Burroughs' *Tarzan* story. One tent is named after the Kenyan Nguji Wa'Tiongo, tracing the history of his people and the human condition, has become one of the greatest writers from Africa. Finally, artist and photographer Peter Beard that shot the most breath-taking images of Kenya.

THE TENTS

THE KAREN BLIXEN SUITE

The Suite is **100 sq.mts (330 sq.feet)** and has a master bedroom, a sitting room (**easily doubling as a second bedroom for kids**), two bathrooms, an external plunge pool, and an ample balcony.

It is along the river and surrounded by huge raffia palms.

Ideal for honeymooners, for families or for couples who like large spaces!

ACTIVITIES

Game Drives: Meru National Park is home to an extraordinary array of wildlife. Our four-wheel drive vehicles and professional guides are at your disposal to explore the bush at your pace. Seen in their natural habitat, the animals of Meru afford the visitor a wonderful experience of African wilderness and raw, unspoilt nature, complemented by the beautiful landscapes visible at every turn. You are likely to see rhino, lion, cheetah, elephant, buffaloes, reticulated giraffes, and many more. Not to mention birdlife this in Meru is peculiarly diverse with over 600 species listed. **Our guides are all members of the Kenya Professional Safari Guides Association.**

Fishing: Enjoy casting your fishing line along Rojewero and Tana rivers to catch the many edible species living in the park. You can “catch & release” or bring your fish to cook at the camp!

Bush Meals: Ask us to arrange for a bush breakfast or a bush lunch. This will allow you to spend more time on your game drive not to mention the thrill and the pleasure of having a meal into the wilderness of Africa.

Bush Walks: In our privately owned compound we have carved a few paths which will allow you to walk comfortably around our pristine environment on foot. The paths are specially selected to take you to where you are most likely to see unusual birds, and many other small creatures around camp. One hundred and eighty nine different species of birds have been officially identified in the compound of the Camp alone. You can also leave the confines of the lodge and explore by foot nearby farms, villages and countryside.

Hiking: We will bring you in our vehicle at the foothill of “Kilimajero” an extinct small volcano at just 4 Km away. The crater can be easily climbed to discover the small forest hidden inside it, and to enjoy 360° views over the Park from its rim. The more energetic could walk (about 5 Km) to the discovery of the Kiolu river falls: magnificently encompassed by a steep rock amphitheatre, the falls are a hidden secret reward.

ACTIVITIES

Swimming Pool: You can relax in our swimming pool near the Kindani River Which runs beside the Camp.. Enjoy having a bath after the Game Drive while your children play and splash in the water. You can sunbath in one of the canvas chairs or relax under the shade of various tree surrounding the pool.

Mountain Bike Riding: ride a mountain bike provided on one of the many paths and dusty roads surrounding Camp. You'll ride through "shamba" (farms) of maize and bananas, through tiny villages, or you can get wet crossing one of the rivers of Meru. An opportunity to enjoy the stunning scenery and rhythms of life that are classically African....

Sundowner: Sundowners are the ideal way to end your day. Enjoy a drink with a view from the small crater "Kilimajero" which is at a short distance from Rhino River Camp. The setting sun on the Nyambeni Hills will add to your enjoyment. Or ask us to arrange for a sun downer in one of the spots we have selected into the Park.

Massages and beauty treatments: After a busy day of adventure in the bush, why not relax completely with a massage or a beauty treatment from our skilled masseuse? A break at Rhino River Camp is a break away from the stresses, deadlines and worries of a busy life back home, so take this opportunity to indulge yourself in the beautiful surroundings of Meru.

Library: In the tents and in the main area there is a vast selection of "Africa" novels, essays and coffee table books for guests to enjoy freely.

COUSINE

Let surprise you with a selection of gourmet dishes with an Italian accent. Our food is praised by every single guest. It is refreshing, after a morning or an afternoon spent in the bush, knowing that you can expect a meal up to the highest standard.

Our chefs are known for their very high standard of international haute cuisine with an Italian touch, always excellently rated from travel guides and our guests

THE KINDANI PROJECT

There are many small villages around our Camp and the guests can visit them to understand the culture of the Meru people and their traditions.

Rhino River Camp supports the Kindani Community through a Trust.

We ask to our guest to donate 6US\$ (550 Ksh) per night of their stay to provide a good education to children of the Community neighboring.

Trips to nearby villages can be arranged as they are a very short distance from Camp and you can be accompanied by one of our guides.

MERU NATIONAL PARK

The Meru National Park also known as the "Complete Wilderness" covers an area of 870 sq. km. It straddles the equator about 360 kilometres northeast of Nairobi. Its western boundary is delineated by Nyambeni volcanic hills that rise up to 2500 meters above sea level. These hills, with their peaks covered with forests, act as a formidable river system, creating 13 permanent rivers that crisscross the park. Such an abundance of water that flows through a largely arid part of Kenya creates a mosaic of different habitats that make the Meru one of the most bio diverse parks in Africa

Swamps, rainforests, savannah, thin and thick forest, giving way to create a stunning and varied landscape of unparalleled compared to many other parks of East Africa. This type of vegetation is home to an equally varied enormously varied and abundant wildlife. At Meru we can easily spot all the Big Five - elephant, lion, rhino, buffalo, leopard - and the Special Five: gerenuk, Grevy's zebra, onyx of Beysa, reticulated giraffe and Somali ostrich among other varieties of mammals and 600 species of birds. The Meru NP is contiguous to a huge protected area that includes the Reserves and National Bisanadi, Mwingi and Kora National Park, forming a protected area of over 4000 sq.km.

The Rhino Sanctuary: From the late '90s, Kenya Wildlife Service has re-introduced in the Meru National Park is the white rhino is the rarest black. The rhinos were captured and transported from areas where their population exceeded sustainability. The 60 rhinos in Meru NP come from the Nakuru National Park, Nairobi National Park and from Lewa Downs Conservancy.

GENERAL INFORMATION

Length of stay: we suggest a duration of at least 3 nights to better enjoy the stay at Rhino River Camp and the Meru National Park.

Climate: rain "long" in April-May, rains "short" in November. The hottest months: March and October. **Temperature:** min. 15° - 32° max
